IS THE
AIM

*Secrets to
Unlimited Freedom*

Why are you here?
Who sent you?
What do you want?

AS IS YOUR
A I M
SO IS YOUR
L I F E

**Take this to heart and
your life will change
forever.**

The Secrets

**There are many
secrets.**

**Some real, most illusions
and mind games. The
secrets you seek belong to
no-one and can only be
unlocked through the
practice.**

What Practice?

Call it what you will...

AWAKENING

ENLIGHTENMENT

ETERNAL FREEDOM

OVERWHELMING SPIRITUAL BLISS

THE KARMATEET STAGE

**The Aim creates the Practice. Change
the Aim and Change the Game.**

The Game

**You play and play
some more.**

**Life is always a play, a
game, an act.**

**You take things far too
seriously and that's why
you can't see life for what
it really is... a game, an
act, an elaborate
performance.**

**You believe in your own
ignorance and rules +
ways of living a sterile,
dying existence... so you
fail to live and learn and
love + shine + shine
forever. It would be sad if
it were not so funny to
observe.**

**But you can STOP IT NOW
- if you so choose...**

will you?

The Aim

Money —————

'Beauty' —————

'Love' —————

Truth —————

Enlightenment —————

The Game

Fight, work, rush, chase

Obsess, ignore taunt, try, fail, admire

Lust, needs, wants, show, sly

Stop, look, listen, observe, discern, decide

Meditation, reverence, freedom now, who?

*As the Aim,
so the Game*

You are here.

You can never stop playing as long as you can breathe. And breathe you will, on and on forever. One game to the next. So what, my dear, is your game? For what purpose are you playing?

For what reason do you
wake up and live?
Why are you here and what
is your life all about?

**DO YOU EVEN
KNOW
THE
TRUTH?**

**CHANGE
AIM
YOUR**

**YOUR
CHANGE
GAME**

Ok?

**Sit down
and think
about it
for a
moment**

...

**What do you
really, really,
really, really,
really, really,
truly + deeply
care for?**

**And why?
And what
else?**

*Slice away the
nonsense and
get to the
Point.*

**What is your true
soul's calling?**

**What does God want
for you?**

**What will become of
you in time?**

**Are you
happy?
Are you
free?
Are you living?**

**Are you breathing
the free air?**

When you know
what you want, then
the game (the new
game) can begin...

FOCUS > MOVEMENT

MOVEMENT > RESULTS

RESULTS > CHANGES

CHANGES > NEWNESS

NEWNESS > LIVING

LIVING > ALIVE AND WELL AT LAST!

*Let me tell
you a story,
an example*

A soul wanted to clear the
past, overcome a guilty
pleasure and make good
on past ills. He wanted to
Return Back to the Great
Light and be born
again anew.

His aim - To Be Pure and
Free - was clear.

*Here is what he
did to win his game*

1. He realized, wisely, that to burn the past takes time and practice.
2. Practice is The Key.
3. He sat and figured out how many hours of deep Union with God he would need to burn the past. He didn't know, so he guessed. It was a lot.
4. The Plan.
5. He sat and breathed in light, bathed in peace and felt himself burning inside a vast spiritual fire. For hours. Days. Weeks.
6. He came back again + again + again.
7. And when he forgot, he came back and kept coming back.
8. He realized he needed a chart.
9. How can you know where you are, and if you're winning?
